INTRODUCTION.

An index to the eight volumes of the manuscript Journals of the House of Representatives of the Province of New Hampshire was published in 1890. Volume one begins with the year 1711 and volume eight ends with the dissolution of the Provincial Government in 1775.

This volume is a continuation of the work, and is an index of volumes nine, ten, eleven, and twelve of the manuscript Journals in the office of the secretary of state.

These volumes include the proceedings of the Provincial Congresses of 1775 and of the House of Representatives from January 5, 1776, to April 17, 1784.

The Journals of the House of Representatives under the constitution of 1784, from June session, 1784, to the close of the year 1792, are published in the State Papers, Volumes XX, XXI, XXII.

The volumes to which this index refers cover,—

VOLUME 9—April 21, 1775, to October 19, 1776.

VOLUME 10—November 27, 1776, to November 28, 1778.

VOLUME 11—December 17, 1778, to January 27, 1781.

VOLUME 12—March 14, 1781, to April 17, 1784.
